Chapter 463-14 WAC POLICY AND INTERPRETATION

WAC 463-14-080 EFSEC deliberative process.

WAC 463-14-080 EFSEC deliberative process. RCW 80.50.100 requires the council to report to the governor its recommendation as to the approval or rejection of an application for certification. The council during the deliberative process will conduct an extensive public hearing as a contested case for the presentation of evidence on the application. The

[Statutory Authority: RCW 80.50.040(1). 81-20-028 (Order 81-4), § 463–30–400, filed 9/30/81; Order 109, § 463–30– 400, filed 11/16/76.]

Chapter 463-39 WAC GENERAL REGULATIONS FOR AIR POLLUTION SOURCES

WAC 463-39-115 Standards of performance for new stationary sources.

WAC 463-39-115 Standards of performance for new stationary sources. Subparts A, D, Da[,] GG[,] J, K and Y of Title 40, code of federal regulations, part 60 (standards of performance for new stationary sources), as promulgated prior to May 1, 1982 are by this reference adopted and incorporated herein with the exception of sections 60.5 (determination of construction or modification) and 60.6 (review of plans). For the purpose of state administration of the federal regulations adopted by reference hereby, the term "administrator" as used therein shall refer to the council.

Sections 60.5 and 60.6 of Title 40, code of federal regulations, are not incorporated herein because they provide for preconstruction review of new stationary sources only on request. By virtue of WAC 463-39-110, such review under the state program is mandatory and an order of approval is required before the construction, installation or establishment of a new stationary source may commence. [Statutory Authority: RCW 80.50.040(1). 82-14-051 (Order 82-3), § 463-39-115, filed 6/30/82; 79-09-006 (Order 79-1), § 463-39-115, filed 8/6/79.]

Reviser's note: RCW 34.04.058 requires the use of underlining and deletion marks to indicate amendments to existing rules, and deems ineffectual changes not filed by the agency in this manner. The bracketed material in the above section does not appear to conform to the statutory requirement.

The council will contract with the department of ecology (DOE) for the monitoring activities for dangerous wastes regulated by this chapter under a certification agreement. As a result of said monitoring activities, DOE shall report to the council any activity by a permittee which in its judgment requires the initiation of appropriate enforcement activities by the council. The council shall then take or initiate action to enforce the terms of any certification agreement. This in no way shall restrict any enforcement by other public agencies and officials under existing law. If DOE determines that immediate action is needed to enforce the act or any statute or regulation derived therefrom, it shall report immediately to the chairman who shall initiate such immediate enforcement action as may be necessary. Such action shall remain in effect until confirmed or modified the council. [Statutory Authority: RCW 80.50.040(1). 83-01-127 (Order 82-5), § 463-40-040, filed 12/22/82.]

GUIDELINES INTERPRETING AND IMPLEMENTING THE STATE ENVIRONMENTAL POLICY ACT

WAC 463-46-055 Timing of the EIS process.

WAC 463-46-055 Timing of the EIS process. (1) The primary purpose of the EIS process is to provide environmental information to governmental decisionmakers to be considered prior to making their decision. The process should thus be completed before the decisions of the council commit it to a particular course of action. The actual decision to proceed with many actions may involve a series of individual approvals or decisions. The threshold determination and the EIS, if required, should ideally be completed at the beginning of this process. In many cases, however, preliminary decisions must be made upon a proposal before the proposal is sufficiently definite to permit meaningful environmental analysis. The council shall identify the times at which the EIS process must be completed. The lead agency should require completion of the threshold determination and EIS, if required, at the earliest point in the planning and decision-making process when the principal features of a proposal and its impacts upon the environment can be reliably identified.

(2) The threshold determination and any required EIS shall be completed prior to undertaking any proposed major action. For the purpose of this chapter, the council has determined that the proposed major action is the

recommendation to the governor required in RCW 80-.50.100. The council may initiate a contested case hearing required by RCW 80.50.100 prior to completion of the draft EIS. The council shall initiate and conclude a contested case hearing required by RCW 80.50.100 prior to issuance of the final EIS.

(3) When a proposed major action is a proposal for either a governmental action of a project nature or a governmental action of a non-project nature, and the proponent of the major action is also the lead agency, then the maximum time limits contained in these guidelines for the threshold determination and EIS process need not apply to the proposal. [Statutory Authority: RCW 80.50.040(1). 81-07-019 (Order 81-1), § 463-46-055, filed 3/11/81; Order 112, § 463-46-055, filed 12/15/76.]

WAC 463-54-070 Emergency action by chairman.

WAC 463-54-070 Emergency action by chairman.

- (1) The chairman of the council or his designee is authorized and shall take action to immediately and effectively halt or eliminate any imminent or substantial endangerments to the health or welfare of persons resulting from the release of pollutants from facilities sited under chapter 80.50 RCW including as appropriate:
- (a) The issuance of an order to immediately terminate an endangerment or an endangering release and the suspension of the NPDES or other permit issued by the council.
- (b) The notification of the departments of emergency services and social and health services and other appropriate agencies, as necessary, that protective measures are required immediately to safeguard the health or welfare of persons so endangered.
- (c) The reference of matters to the attorney general for appropriate enforcement action for violations of site certification agreements and NPDES or other permits issued by the council.
- (2) The chairman's action will be confirmed or modified by the council within seventy—two hours of execution at a special or regular meeting of the council, whichever will occur the earliest. [Statutory Authority: RCW 80.50.040(1). 81–11–011 (Order 81–3), § 463–54–070, filed 5/13/81; 78–07–036 (Order 78–3), § 463–54–070, filed 6/23/78.]
